TrakMotive CV Axles for ATVs, UTVs, and Side-by-Sides are engineered from the ground up to be the highest quality, most reliable, and toughest CV axles on the market.

## OE REPLACEMENT

- ▶ Up to 20% stronger than OEM
- ▶ Chrome steel solid center shaft
- ▶ High performance moly grease
- ▶ High quality Neoprene rubber dust boots for improved flexibility
- ▶ Work at varying angles and constant rotational speeds without friction or play

## HEAVY DUTY

- ▶ Up to 35% stronger than OEM
- ▶ Chromoly steel solid center shaft
- ▶ Premium heavy duty, high temp moly grease
- ▶ TPE (Thermoplastic Elastomer) dust boots for superior tear and puncture resistance
- ▶ Greater durability and smoother performance under severe operating conditions
