

TrakMotive® Advantage

**In Order to Produce True OE Quality and Performance
We Begin with the Actual OE Product and Specifications**

Over \$5 Million of Actual OE Product Samples
are Inventoried for Testing and Analysis

What Separates TrakMotive from the Competition:

- TrakMotive only manufacturers and monitors all quality testing to meet or exceed OE specifications
- Maintain an extensive library of OE product samples in house - Over \$5 million invested
- Quality control testing is continuously performed throughout the manufacturing process to ensure all OE specifications and performance standards are maintained
- Design Improvements are made to any original OE flaws

- State-of-art robotic equipment and manufacturing capabilities help to produce true OE quality and peak production efficiency

CV Shaft Life Span Testing Ensures Precision Performance
and Long Dependable Life

On-Door Window Regulator Cycle
Testing Matches OE Requirements

Maintain the Latest ISO &
TS16949 Certifications
