

TrakMotive® Advantage

Introducing 78 New Drive Shaft Assemblies

TrakMotive® is pleased to announce the release of 78 new numbers to our Drive Shaft Assembly program. These new numbers cover over 28 million vehicles on the road today, which equates to 11% of the total US automotive & light truck vehicle registration.

- Premium forged 3 layer sealed u-joints can handle higher torque loads
- Premium durable coating protects shaft from premature corrosion
- TPE (thermoplastic elastomers) Dust Boots provide better resistance to deformation, debris, oils and heat
- Special low friction sliding joint spline coating eliminates movement that causes clunking noises
- Stainless steel band clamps provide better resistance to deformation and stretching
- All units are 100% machine balanced to ensure trouble free service from vibration and noise
- Backed by a Limited Lifetime Warranty

Below is a Partial List of New Numbers Available:
